

City of Mountain View

Fire Department

**CERT + Ham
Communications**

WHY Communication is Important to both the CERT and the City

- Without communication, the CERT is completely isolated, with no way to ask for help
- Without communication from the CERT, the City has no knowledge of neighborhood conditions or what help is needed

CITY OF MOUNTAIN VIEW

FRS: First Step Collection

WHAT to Communicate

- ◆ Need to know:
 - Uncontrolled fires
 - Hazards: Gas, Water, Electrical or Chemical
 - Extent of building damage
 - Numbers of people injured, trapped or dead
 - Road obstructions or blockages
- ◆ Any other situations where threats to life exist
- ◆ Any situations that are growing or getting worse
- ◆ CERT status for EOC master list

HOW To Accumulate

CERT - DAMAGE ASSESSMENT FORM

Monitor is On

New Information: Click to reset

Summary

- ◆ Hams work with Neighborhood CERTs
- ◆ Damage Assessment Form is Standard
- ◆ PacForms Mirrors Damage Assessment Form
- ◆ Hams use Outpost Packet & PacForms
- ◆ PacForms built into Outpost Menu bar
- ◆ Direct Transmission to EOC Screen
- ◆ No Transcription Errors or Delays
- ◆ Easy to Teach & Easy to Use

Implementation in Mountain View

Possible with one computer, but packet operator & EOC personnel are going to be using the same computer.

Preferred: two computers connected together

#1 Packet station in radio room

#2 Projector computer in EOC

Demonstration

Replay of Drill Traffic, Mountain View Radio Room to
Mountain View EOC, October 22, 2011

Two Computers on LAN (not internet)

Radio Room Computer runs Advanced Packet Logger

EOC Computer runs Display Program

Display program automatically monitors Radio Room
computer . . .
